About ValuTrack

ValuTrack Corporation is a leading provider of automated identification and data capture (AIDC) and business enterprise solutions, designed for performance-driven organizations. With extensive industry expertise, cutting-edge technology, and exceptional professional services, we deliver transformative and scalable business solutions that maximize ROI and provide outstanding value.

Since opening our doors in 1989, we have been focused on helping businesses overcome their unique challenges. What sets us apart is our team of technology experts that works closely with your organization to understand your goals, provide insight into best practices, and establish a metric-focused strategy that promotes operational excellence.
